

Wootton Tuesday
Feb 9th 4

My dear sister

It is a long time since I heard
of you by my husband - you were
then going to Wootton - where
I most earnestly hope you have
benefitted by the change of air -
perhaps you are still there -
when you return to Bordon I
shall I trust see you there
& that I may look forward to the
very great pleasure of your
coming to Wootton in the summer.

I have not seen my dear Ma-
rida this week - she was there
much better - & has been thinking
she intended being here yesterday
to spend some time with us

but the matter was unfavorable
 it is equally, or indeed more so today
 for its blow tremendous & I see
 the states falling from the house
 Susan heard yesterday from your
 William - she has been a petition
 to Sirs in behalf of one of Mrs
 Susan's poor children - who they
 wanted to get into Christ's Hospital
 school - the Clasher furnished William
 might have some interest there
 & that we could ask it - I did not
 think he had - I I was right -
 there are eight boys totally un-
 provided for - the father has no
 thing but a barrack & she is
 now expecting to be confined
 again - it is a melancholy con-
 sideration - I they must strave
 were it not for the uncommore

 delightful accounts from my
 dear Charles - George too is quite
 well - & my heart is grateful
 My husband & girls write in
 but, in kindest love to you
 Louisa & George - & ever believe
 My dearest sister most truly
 Yours tenderly affected
