My dear Mrs. Colman -

I have been feeling  
since the 10th I want some more  
resting & think it is a beginning  
of the winter disease. I have  
been not ill enough to be  
called on the sick list but  
not well - The 1<sup>st</sup> flying wheel  
is that I mean was a quite  
new of my step-daughter -

Myself is quite settled in her  
apartment at present time  
which we put the things  
for her & I hope she has  
had her share in (enough)  
I love - Computer come up  
from us. I wish she was  
delighted with her visit

Mrs. Sophia settled in Kensington.

to Brighton & is to go again after  
Boston - The less sent there  
will be less spent flying about  
there but is better than last  
five days - My wife & children  
that Augustin Boyer is  
in England but she is  
in the house of the  
house less money than  
I hope Augustin is quite  
well - I hope Mrs. Gordon  
will do well & have a  
fine child - Mother is  
still well  
Mary
