Political Business in 4. 1841

Bayonet Park Jan 14/42

My dear Mr Adams - I will not let the  
 Post go without mentioning to you how  
 to thank you for your last beautiful  
 letter - I can well believe how many  
 all the respectable people around  
 and you at the close of the 2  
 coming into that part of the world  
 & I can not at all understand  
 the object of it. - My day is an  
 untiring mine and I therefore  
 thank God for & your business to  
 open Parliament yet every body  
 who has been must be glad  
 when it is over - Mr Duke and  
 up to some yesterday & you being  
 since his line of letters must  
 keep me under much worry  
 as I always find the coming  
 to a decision of general and the

I am going to Longman to receive until  
 Saturday the day the Duke returns  
 and again - Augustus has bought  
 a hot enough with the late James  
 Brighton is leaving the Duke where  
 I am but chiefly by royal letters  
 from in many less - I hope  
 not to receive  
 from this place  
 after the last  
 week in Feb  
 but if much  
 business comes  
 on in the by hand, then I suppose  
 the Duke will wish to leave  
 the Somerset in some matter  
 than he in the length and  
 of course I shall go there  
 to London, therefore for long  
 our comfort I am better out  
 of all as I can do in good
