My dear Adams

I am very sorry
to hear that you are tied by
the leg, but hope that it will
be only for a short time &
eventually of service to you.
Whenever you come to town
I shall be most happy to see you,
& if I am in the house when
you call, you will be sure to

find me at home —

I do not yet know whether
Barnes will take St. Martin's church,
but if he does, I will mention to
him your wish with regard to
Lacrosse, tho' I am afraid it will
be to no purpose — for he will
doubtless take with him his
present curate at Obyton,
to whom he is attached from
a connection of many years,
& who has the care of his

unfortunate son —

The Meetings at Pottery &
Kingsbridge went off well
but I was as much grieved by
some of my friends as pleased with
others — H. Bulford, I am told,
acquitted himself well — I read
the Acts of the County Meeting
tho' I have no fear of the result —
Mrs. Carey desires to be remembered
to you — This is good weather
for her, but she has not yet

begin to feel the effect of it
Believe me My dear Adams
Yours very truly
W.B. Jr.
