August the 18  
Friday

You must say I don't see Adams  
 look upon me as a fearful  
monster but for me I have  
 been leading a quiet and yet  
 my unsettled life for the  
 last three weeks & that I don't  
 plead my excuse - After the  
 always change of air and  
 recommended by the Phy  
 so we went to Kew for a  
 fortnight which has done  
 me a great deal of good  
 & I hope I may my sleep  
 will bring strength  
 which I do not intend

as it used to be - the Duke of York  
 accident alarmed us very  
 much at first but thanks  
 God he is going on well  
 & we ought to be thankful  
 his life escaped for such  
 he had fortunately turned  
 on the fall & broke his  
 arm he would have  
 broke his neck & he has  
 a deep cut as it is in  
 his hand - but he suffers  
 no pain & since the Duke  
 was not he had had his  
 arm & title in his power  
 he enjoyed them & he enjoyed

God  
 the

 sea  
 or  
 but  
 no

 can

Goddard beyond any thing  
 they are in great haste  
 but not kept in as high  
 order so they need to be  
 this morning all the old  
 servants, all the slaves  
 and those you are great  
 pleasure of their & we  
 walked about all day  
 crying with one eye &  
 laughing with the other  
 every spot recalled memory  
 to our recollection every  
 tree reminded us of those  
 old Dutch stumps in wood  
 We must go down the day before  
 the 15<sup>th</sup> birthday & did not

return to London was also coming  
I on Tuesday being the whole  
day at Bathurst and had I have  
been leaving in the night  
work - I had the comfort of  
finding reply to the one  
our return & the 14th of the 2  
enjoyed - The same to be on  
expected in a few days  
The I is decided the only  
best name has - It was  
around as a great deal  
of distress as many private  
letters were paper on the  
subject & we shall have  
no quiet until then

Watermark 1804

in case of your & because your  
 kind of intention may be  
 necessary to leave this country  
 as soon as possible -  
 I find fully any will  
 when I have the last week  
 the two have been  
 about 1/2 by your own when  
 have been staying with a  
 21 day from but in evening  
 I was highly amused with  
 your going to see Bonaparte  
 being so near I think  
 it was natural to go &  
 take a look at this  
Demotter I think God he is  
 your - I may give long

love to Maria & George —  
I have your account of your  
Harmon. Medd's of Cambridge  
write to the D<sup>y</sup> of Cambridge to  
beg of him to direct to  
Göttingen to make them  
a visit & in the letter  
say that you are very  
nervous these days at the  
place to give leave time  
to come — Yours
