Dear Miss Hunt,  
I am extremely grateful to you  
for your kind letter, & more parti-  
-cularly for the excellent & most con-  
-tained in it which if I do not  
quite imitate I shall at least  
endeavour to do to the best of my  
power. I trust that it is not  
on account of your own health that

You have quitted Bath, I hope  
that your health has been better  
that it does not materially suffer  
from the rigour of this cold wea-  
ther.

You will not only I hope  
do me the favour to believe but  
be assured that tho' I have not been  
so fortunate as to see you for some

years, yet that I have not forgotten  
you, but that I cherish with great  
pleasure in my mind the good you  
did me, as well as your remembrance  
& your opinion, that I rank you  
among one of my friends is very true.

I am with these sentiments  
Dear Miss Hunt,
