My Dear Priscilla - I am indeed
 most fortunate in two successive
 days bringing me the bundles of letters
 from home & indeed I know not what
 to say in reply - As I only feel
 to thank benevolently that gentle
 count of both my potatoes & ^{company}
 in a quantity to what I wish that
 when I saw my letter I feel diffident
 I will venture to say as I think ^{myself}
 in my own power. I do whenever
 after & every other in your absence
 know of the best method myself to writing
 you Priscilla & Annie constantly
 since we have been very intimate
 with the same affectionate relation
 that I do now, but that

The movement of besting both Sunday
colle with our strong feeling
made me a poor man's study
what had long been in my heart
I indeed felt a sense of doubt
in this position continues an effort
at once I added to the
with the history / from being
up with it the more delightful
recollections of past things
shining & of future too

I am very much indeed ^{going}
fortunate in the House ^{of}
anted to perfectly return ^{decide}
as can have from you ^{decide}
if it had not been the case ^{decide}
at the risk of leaving me ^{decide}
disappointed that you would
really have told me the truth
This they are best of me

I have from dear Jerry who complains
 they ^{are} very much ^{anxious} respecting your order
 in the Post but really I hope I shall
 write to that business ^{very soon} on
 meeting from time that I shall
 do better for it & considering the
 business probable situation it shall
 be advisable to have them
 your wife and our business
 that they ^{will} be ^{very} ^{soon} ^{settling}
 settling in ^{the} ^{same} ^{place} ⁱⁿ ^{the}
 manner to ^{be} ^{settled} ⁱⁿ ^{the}
 degree like the ^{other} ^{business}
 of ^{settling} ^{again}

That for ever more & which in
 the ^{same} ^{place} ^{of} ^{settling} ^{with}
 to ^{the} ^{same} ^{place} ^{of} ^{settling} ^{with}
 that when ^{ever} ^{you} ^{are} ^{revised}
 your ^{distinction} ⁱⁿ ^{the} ^{same} ^{place}
 your ^{wife} ^{and} ^{children} ^{shall} ^{be} ^{settled} ⁱⁿ ^{the} ^{same} ^{place}

can never break the struggle of the
living to they are committed.
The only way I have of conveying
myself is the thoughts of ^{both} ^{of} ^{the} ^{past}
essential use you will be ^{to}
what they favourably opinion
our country will be entertained
by your brilliant shows of
that London & the beauty of disposition
that must increase the ^{of} ^{disposition}
you to. I should not have
perceived you had you not
seen the other I had to ^{conclude}
sounded for & to ^{conclude}
& that matter in which ^{conclude}
actions can be on the ^{conclude}
can deviate from the ^{conclude}
which has ^{conclude}
of your character & ^{conclude}
is not a proof of ^{conclude}
that at the ^{conclude}
