

H.H. to Hd. North

Mar. 23 1772

1288

Precincts £.99

Lord North, though the Majority was smaller than I should have expected this day, yet the division came so early in the day very naturally accounts for it. I hope the friends of the Bill will therefore attend in time tomorrow, that the Majority may be greater at the third reading; but as you have got through the Report without borrowing part of the Night I am amply repaid any disappointment as it has but fatigued you.
