

Lord Holdernesse

May 21. 1776

16052

Lord Holdernesse humbly hopes it will
suit His Majesty's leisure to see
The Princess some time this forenoon
as he proposes having an explanation
both as to persons ~~the~~ things to day,
with The Bishop of Chester.

much of Lord Holdernesse's hopes
of future success with Their Royal
Highnesses depends upon the degree
of approbation His Majesty shows them
of the proposed measures.
