My Dearest Sister,

I entirely approve of your intention,
communicated in the kind letter which I received from
you yesterday, of going into mourning for the attack of
Gundersheim & of conforming to the new Rule. I am
truly happy to hear that you are so well & very thankful
to you for your kind enquiries respecting my dear Amelia
who I flatter myself has not lost ground upon the whole,
although her cough has been checked for some days
past.

Believe me to be

(Signed)
George R.
