

I feel it ^{to} be a respect
I owe to your Majesty
that you should be
informed as early as
possible after my final ~~to~~
Determination had been taken
that I have decided not
to go in Person to the
House of Peers on
Tuesday next but to
resort to Commissions
to execute on the
occasion what is fit.

I at first understood
that my Presence was
deem'd ^{also} ~~materially~~
necessary, but finding
that not to be case
I am surely justified

in indulging my own
inclination & feelings
which forbid my
gratifying public
curiosity or affecting
Popularity by exhibiting
any Degree of State
or Splendour, while
in my mind is
fill'd with regret
at the deplor'd cause
which has death'd
me with the Charact'r
I have been call'd
upon to assume. *during the temporary

indisposition of a ~~King~~ ^{father} recovered
Confident ~~that~~ ^{that} ~~to whom alone state & crown~~ ^{to whom alone state & crown} whom I hope ^{to} ~~will~~ ^{see} restored to his own ~~Public State & Splendour~~ ^{royal State, and authority.}
your sentiments and
Feelings will accord
with mine on this
subject & warmly

congratulating you
on the happy Progress
towards recovery
as stated ^{to me} ~~in the~~ ^{in the} yesterday's
~~state~~ ^{accounts} of his
Majesty

I remain
my dearest Brother,
ever,
Yours most dutiful
& affectionate Son
