Sir

I beg leave to have the Honor to address your Royal Highness, to state the Regret I feel in being under the necessity of leaving Town, to be present in person during the Vacancy for a Member to represent the County in Parliament, before I had the Honor to pay my Personal, and Dutiful Obedience to your Royal Highness. As also to express the devoted Attachment I have to your Royal Person.

May I presume to take this opportunity of offering myself to your Royal Highness's consideration, with a humble solicitation to be honored with the Green Bunting now vacant. This instance of your Royal Highness's favor and condescension would be most gratefully felt, and be held in the highest estimation.

With sentiments of profound Respect - I have the Honor to be

Sir

Your Royal Highness's  
most obedient  
and devoted humble servant
