Miller-Park 9 Nov 1864

My Dear Colonel

With my hearty congratulations, I
must briefly state to you the predicament in which
the good party of Ireland is now placed by want
of Prote the Act of 1846. Their opportunity of
a requisita of the Sheriff before the section of the
could adopt a similar measure. A Grand Jury
in accordance with the requisition of a Warrant
is personally ordered by the Sheriff as being
collected to 17 in the Prison for the Prison.

John W. Hart has been twice in the Prison
in debts - Chalmers in the Prison of James
he succeeded to a nominal honor & title of Colonel
in Prison of St. 20000 - Prison he became a Prison
in Prison in which he failed - a Colonel of
Prison Prison, Prison Prison & Prison.

It has been found that I got 400 names to
our party (including as well as every thousand
names, (as it includes all individuals) & every
an address, tomorrow at 6 o'clock.

I (Glasbury & others here) see
to take the lead of our party, but I have proposed
to Messrs. meeting in the Address & Taylor on
Phillips secondly it, which I like to be on
at least I think.

I order the sketch I drew up about
is approved - it was accepted & to be decided
but I must anti-reformers - I moderate see
- former might equally submit to such a
moderation of opinions.

If that, by force of numbers,

Should carry the address, I propose to
move on adjournment of our friends to
the Town Hall (from the building) there
to sign the address, & we can get
the signatures of all the respectable
party, I think. It will then be read
that the own names & accounts present
at 1 No. of St. - & I hope, should
to that apply for an opportunity
to present the address, that a distinct
day, not earlier than Sunday may
be fixed - to give us time to busy
ourselves as early - Not of course

I cannot with any conception that it may
appear like perfectly - but I had
hope you could contain I managed
without such appearance - for
the number of address that may
be presented.

Mr. Martin Sedgwick who
has called the meeting in a Town
Meeting of both of the names, Walter

I wish you your immediate interest
of the result of the meeting - as a
member of the Society, perhaps you will
feel for the credit of a country in which
W. & M. Sedgwick is born & lives.

I wish you I present my Homage and
to whom Mr. Sedgwick is W. & M. Sedgwick
