Winington, June 23^d

My Dear General

Let me beg you to have
the kindness to send for Mr. Carthy, & learn
from him the time of payment of his two notes;
also, whether they are made payable at any
particular place. I find that I must have
left the Memorandum of them in Town; for
I have been toiling in the arrangement
of the Papers I bought with me, &
it is not among them. Every thing looks

Beautiful line. Woud that you too were
enjoying the Country! I look at myself, with
astonishment for being any thing to do
with politics. But I believe it is the
lot of men to be always employed in that
which is least consonant to his inclina-
-tion. With best compliments to the
Gen^l ~~Speaker~~, I remain faithfully yours
Harris
