Euc.

18165-6

Mr Percival presents his humble duty
to your Royal Highness, and at the request
of Lord Sedmouth has the honor of acquainting
your Royal Highness that the Remains of
Winnifred Sedmouth having been removed
from Leiden to the White Lodge in Richmond
Park previous to their being interred at Mortlake,
The Curate D. of Mansfield as Rector of
the Park, has expressed a doubt whether
he should be justified in permitting the
Funeral & Canopy of a very few Relations
and Friends with which it would be accom-
panied

to pass thro' the Dark toward the Place of
Interment. It is therefore become necessary
to request your Royal Highness's permission to
that effect, in order to remove any difficulty
from her Ladyship's mind. Mr Brevint
has accordingly undertaken to lay down
Lord Selmont's request, with his humble duty to
your Royal Highness on this Subject - Mr
Brevint declares humbly to submit to your
Royal Highness that no objection occurs to him
against complying with Lord Selmont's wishes
and he is fully persuaded that your
Royal Highness's benevolent & humane disposition
would induce your Royal Highness to accede
to a request so much connected with the
feelings of Lord Selmont under his

greatest affliction —
