Wm. Miles, Esq. M. P.

to the Prince Regent

Brighton Sept. 1st 1811

Sir

Aware of the many important Occupations which engage Your Royal Highness's Attention at the present Moment - I am conscious how greatly I ought to apologize for presuming to intrude one Moment on your time - but the many Instances of private Sir to say friendly kindness that I have during the last 24 years experienced from your Royal Highness encourages me to hope that I shall on this Occasion receive your Pardon.

Colonel Sventer Sir informs me that there are at present two Cornets and two Lieutenants vacant without Purchase in your Royal Highness's "So
" Sir Royal Highness's Prince Regent."

Your Royal Highness -

With every sentiment of Duty
Respect and Gratitude I have
the honor to subscribe myself Your
Royal Highness's most

devoted & oblig'd

humble servant

Charles Henry Somerset

Highness's Regiment - and that if
Your Royal Highness gave your son
a young man obtaining the
one might immediately succeed to
the other - such an Advantage
might not occur again throughout
the Army - certainly not in a Regt
that I must feel so much attached
to - on many accounts - as the 10th
May I then ask Your Royal High-
ness to give my son Henry the Advan-
tage this opportunity holds out.
He will be 17 years of age in Decem-
ber next - and has been educated for
a Military Life - and I have a san-
guine hope would (like his father)
be anxious to evince that Gratitude
which all who belong to me owe
and feel so abundantly towards
