

C. Manners Sutton to the Genl Turner

18508-9

London
Sept. 20th 1811

My dear General

I must now request your assistance in procuring
me an Audience of His Royal Highness The
Prince Regent. -

I am at present in the Country about 140 miles from
Town; but purpose coming up to Town in order to
clear off such business as it is my duty to lay before
His Royal Highness, and immediately to return
back again. -

You will readily conceive therefore that with such
a distance to travel, and necessity to set off again
as soon as I shall be at liberty, I am anxious

to ascertain before hand on what day H. C. T. will be graciously pleased to see me. —

I have every thing ready, as I am in daily correspondence with my Office, and will propose either Monday the 16th, or Tuesday the 17th, or Wednesday the 18th of the present month. —

Now if you will have the goodness to arrange this for me, and to let me know on what day and at what hour H. C. T. will see me, you will much oblige

you very truly

Yours obed^t Servant

H. C. Turner
