

Windsor October 5th 1841

We the Underwritten Members of the
Council appointed to Assist Her
Majesty in the Execution of the Trusts
committed to Her Majesty by virtue
of the Statute passed in the 51st Year
of His Majesty's Reign, intituled "An
Act to provide for the Administration
of the Royal Authority and for the
care of His Majesty's Royal Person
during the Continuance of His Majesty's
illness and for the resumption of
the exercise of the Royal Authority
by His Majesty" having duly met
together this Fifth Day of October 1841
at the Queens Lodge near to Windsor
Castle and having called before Us
and examined upon Oath the Physicians
and other persons attendant upon
His Majesty and having ascertained

the state of His Majesty's Health by all such other ways and means as appeared to Us to be necessary for that purpose, do hereby declare and certify That the state of His Majesty's Health, at the time of this Our Meeting is not such as to enable His Majesty to resume the personal exercise of His Royal Authority. —

That His Majesty's bodily Health does not appear to Us to be essentially altered, since the date of our last Report.

That His Majesty's Mental Health appears to Us to be materially worse than it was at the time of our last Report — Upon the grounds of the protraction of the disorder, the present state of it, the duration of accessions of the disorder, and the peculiar Character which the disorder

over

now assumes, His Majesty's recovery is represented as improbable by one of the Physicians, and as very improbable by all the other Physicians in attendance upon His Majesty. —

Adverting on the other Hand to the State of His Majesty's Faculties and powers of mind, his Memory, and Perception, the remaining vigour of his Constitution, and bodily Health, some of the Medical Persons in Attendance represent that they do not despair, and others that they do not entirely despair of His Majesty's Recovery. —
