Rough Memoranda

Immediate 18752  
By Henry Turner  
Upon Dr. Robinson's  
last return to town he  
acquainted me that the copy of  
the rough memorandum papers  
which had been sent with  
the weekly promissories were an  
embarrassment to him & he  
desired under the Prince's Regent's  
authority that they might be  
discontinued. As you have  
Henry Turner

but been aware of this arrangement  
You have left the last  
sheet paper, we cannot  
now go on without it.

I may request you will return  
it by Mr. Bivens.
