My Dear Sir

I wish very particularly to get
the enclosed Letter safely conveyed to
Mr Day, in whose behalf I understand,
Lord Egremont has written to the Regent.

Pray oblige me by forwarding my
communication under your cover.

The final arrangement of Lord
Moira's affairs will, I fear, involve
more persons than either Mr Adair
or Mr Evans may be aware of. The
truth is, his Lordship's difficulties
ought to have been openly met some
years ago. Thank God, I cannot accuse
myself of having encouraged Debauch.

Yours truly,
Col. McMahon &c

Mr Matthew Day was lately at Brighton,
and he has been at Lord Egremont's.
