

Mr. Adam

D. March 10/13.

20468

Mr Adam has the Honour Ability to
inform Your Royal Highness in
addition to what he took the
Liberty of requesting humbly that
the Duke of Cumberland communicate
that when he returned to the
Lords he found that Lord Eff had
most strongly proposed the danger
of the proceeding & that Lord Thoirs
had determined to take no ~~step~~
the Grounds were I suppose
upon in a Council with Mr
Adam were that there should be
no Motion to follow - therefore
no Dismissal - consequently
much disadvantage in that
made

would
made and that it might
end in a personal vindication
without any discussion -
That this would only afford
more occasion for others
to triumph if they have
any ground for it in their
Respect - This precluded
all idea of his taking any
part -
