Dear Sir

It gives me at all times very sincere pain to trouble my friends on any occasion, but the feelings of a Parent overcomes my scruples upon the present — The object of my taking the Liberty of intruding now, is to request that you would have the goodness to lay before His Royal Highness the Prince Regent, my humble Petition

that His Royal Highness
would be graciously pleased
to desire Lord Moira to
extend His Patronage to my
Three Sons now in India
in the Civil Service for
the Appointment of some of
whom, I am & ever shall
be most grateful & highly
indebted to the God of my
Life to His Royal Highness

I have had the Honor
of an Interview with
His Lordship on this Subject
who has most kindly taken

down the Particulars of
their present Situations,
but if the Prince Regent
would condescend to hint
my humble Request to Lord
Moira, it would be a high
gratification to myself &
Truly then I can express
With repeated Thanks for
all your kind Services,
believe me Dear Sir.

Most faithfully,
Your obliged & obed.
S^t Lowther.
