

Margravine of Anspach to ? Col. Ketchum

Pyra. house
15. April
1813—

My good Sir

I send you a memorandum
which I beg you will read over
with the greatest attention
It is particularly grievous
to me that as my Dear Mother's
health will make me take every
measure to go out of this
Country & stay out of it as
long as I can - that the
R. Regent listens to
suggestions that preclude
my explaining many things
to him, which are too long
to write -
I was told I must send
a letter thro' Ministers
if I wanted to write to

The Prince & but as I never
 meddle with Politics; and
 that I have a right to death
 right; to send a letter to the
 P. when I please - I shall do
 no such thing -
 I wanted to inform the P.
 among many other things
 that the Prussian Ministers
 are agreed with me that
 she arrears the 14. of P.
 owes me, might with more
 convenience to him & me be
 paid out of what is owing
 by Government to Prussia -
 & that can be done by an
 order from His M^{ty} the
 I shall write to the P.
 on hopes will speak to you
 about it - for I believe
 you to be a good & just

Man & I feel as much
as others do that if I
am treated as I have been
I cannot conceal the
Manner I have been
treated in

& it would be the most
hurtful thing to be obliged
to ask Publicly my rights
which finally I must do

I remain Sir
Yours with Esteem
Elizabeth

The Duke of Cumberland
Desired me to send my
Letter to the Prince
by you —
