20596

St. Aubrey House
May 1st 1843.

My Dear Mr. Dunscombe

I have heretofore waited with
the utmost anxiety in expectation
of receiving some answer relative to
the statement which I delivered to you
by Mr. Royal Mynors to the Regents
of the University. As I take it for granted you
have seen it long before this time, I
request you will inform me when I
may take for some communication on
the subject. I am sure you will excuse
trouble I am now giving you and please
it to be connected with I must naturally
feel to hear further on a matter so
interesting to me in every respect.

Return me L^{dy}, My Dear
Parraton from most faithfully.
