My Dear M^r Mahon

I some time ago, made an offer of my
humble services to command The Detachments
of Life Guards on the Peninsula which was
declined on account of my rank,

Now as that objection (in consequence of
the Marquis of Dillingtons promotion)
no longer exists, I request you will
renew that offer, as I apprehend
M^r. G. O'Loghlin is in such a state of
health, that it will be necessary he
should be relieved. and I assure you
sincerely there is nothing which the
Regent has to give I so much covet,
as I conceive I should execute it with
advantage to the Service and credit to
my self — I wish =

I wish His Royal Highness to be acquainted
that the slighted horses he so justly found
fault with have been exchanged by the
Dealers and replaced by horses, ~~of~~ strong
and of a superior quality and mostly
five years old, so that I am enabled to
send out a remount of 50 horses, every
way qualified for the duty. I am further
to request you will have the goodness
to report the Depot Squadrons of the
2 Life Guards fit for duty—

Montagu Place I have the Honor to
July 11. 1813 Remain Yours
