My dear Sir

Another vacancy in the Commission of  
of the Customs has afforded me an opportunity of again  
addressing you, if you have any real intention of seeing  
me at this present moment the obligation will be  
felt tenfold, and of course from the high and dispen-  
-sioned situation you fill, you possess great influence.  
Sincerely hoping that the establishment of health during  
your retirement may enable you to fulfill the various  
duties of your situation with ease and comfort to yourself  
for some time to come, is the earnest wish and aspiration of  
Dear Sir Your sincere friend and hearty well wisher

Thomas Best
