Sir.

Mr. Engineer Stevens has a Project, which has been very much approved by Persons willing to subscribe, and to carry it into Execution (provided it receive the Protection of His Royal Highness the Prince Regent) of a Bathing Circus at Brighton. - I wrote to Col. McMahon some time ago, requesting he would have the goodness to pray His Royal Highness's Pleasure thereon, but learn that Col. McMahon is still absent. - As time severely presses for the Commencement of the Work this Season, if to be performed,

If Genl. Turner would be so good  
to say that when the Pr returned to  
town he would take B. R. Affis  
Measure upon it, on account  
of work to Col. Bloomfield.
