

Bishop of Limerick
Nov. 7. 1813.

Desires a Translation
from ^{to} ~~from~~ Cloyne or Tuam.

21095 - b Dublin 7 Nov. 1813

Private, and to yourself.

My dear Col.

The kind & flattering
Interest which you took in
my paper, before I left Lond.,
and the friendly conversation
with your Brother at Chelms-
ford (which the Surgeon has
just mentioned to me),
have, in some degree,
suggested the propriety of
my troubling you with
the enclosed Statement -

Bishop of Limerick
Nov: 7. 1813.

Desires a Translation
from ^{to} Clougher or Tuam.

21096

nothing could be more
personally civil than
Lord Whitworth - He
spoke of Church affairs,
and I could easily collect
that Applications enough
have been made -

I did not presume to
say one word as to my
own wishes, being
convinced that any object
of mine, can only be
effected by desire of the
Prince -

A Translation to Clougher or
Tuam could not be considered
a weighty favor - for the
Income of Limerick will
be, to my Successor, equal
to any of the other two -
and I have no doubt of
the Translation taking
place, provided Lord
Whitworth receives a
Communication of the
Regent's wish, before he
makes any Engagements
here.

The enclosed is an exact
Statement of my Views
& Wishes upon the Subject,
which I submit to your
most friendly Judgment,
beseeching you to throw
it into the Fire, whⁿ you
deem it either improper
or unnecessary -
and believe me, My D^r (c^o)
most gratefully

your ever obliged
& faithful Ob^d S^t
