Sir

Altho' I have not of late
been honor'd with any reply

as you have repeatedly
professed a strong inclination

be gratified to hear of any
circumstances tending to

it proper therefore to make
you acquainted with Lord
Charles Somerset's having
without solicitation, offer'd
me, and I have accepted,
the situation of His Military
Secretary

Yours
Col. M. M. Mason

It would be a matter of material advantage if I could get the breach step of Major before I go and if you Sir can give me any assistance therein I shall feel obliged, but I do not wish to be troubled - should it be at all inconvenient to you to make good at this time the promises you were so kind to make me of interesting yourself in my behalf - should time permit you to see me
