I am afraid that if I called again so soon at Carlton House my visit might be deemed intrusive why not call yourself - as you have now an opportunity. I am sure Col. M: will do all he can, the thing is very easy and daily practised. I perceive at the Sheriffs office amongst other late appointments the name of "Chas Bannor (Steph) Bannor has a Pension from the Post office of 500 £ . and has got into difficulties by a speculation at the Post office Pantheon. There is a provision of 500 protections of this kind, a fifth at least of which are Englishmen, not equally

equally intitled as yourself -

I told you how highly the Col
spoke of you and I have no doubt of
his sincerity -

Why did you not call Yesterday[?]

Yrs truly
