My dear Sir John

I beg you will receive my best
thanks for your letter as well as for the
manner in which you have executed the
Commission you were good enough to charge
yourself with - I will further request
you to lay at the feet of H. R. Hs the
Duke's Report my most humble &
lateful thanks for the condescending
manner in which He has been pleased
to Sir John Cradock. W

to command you to express to me "the
distinguished regard & affection" he so
long bore to my Father & "the high opinion
& consideration" which he is graciously
pleas'd to say he entertains personally
for myself. - The former I shall never
cease to acknowledge with feelings of
deep & grateful acknowledgment
towards H. R. H. - For the latter
I feel sentiments of equal gratitude,
mix'd with the humble hope that
