Sir

In a letter I had the honor of addressing you on the 27th Sept^r. I took the liberty of mentioning the price of a Picture I had the honor of painting by command of his Royal Highness the Prince Regent, which had been delivered some time at Carlton House

I hope Sir you will not consider me obtrusive in again calling your attention to the subject by requesting your care of the enclosed Bill of the amount, which if you will be kind enough to put in the way of being taken into early consideration you will greatly oblige

Sir your very obed^t Hum^l Servant
