My dear Sir

I have been long in the post
for the pleasure of calling in Pall Mall
not only to thank you for your kind
offices while I was at Brighton but
also and above all to congratulate you
upon the glorious events which have
taken place "under the sweet shade
of our Beloved and Royal Masters
Government" for this sentiment
to such as you and me, is an
additional

Helping, which is unpardonable —
I have presumed to hope that the
sentiments contained in the enclosed
letter which I lay the favour of you
to present to Mr. H. W. P. will
not be thought obtrusive, he is too
good and amiable to reject with
contempt the expressions of a dutiful
and grateful heart. The weather
has confined me a prisoner here for
more than a month, the road from
hence being so little beaten as to be

very near if not quite dangerous.
With our united respects to Mr. H. W. P.
I remain My dear Sir

Your most obliged
and affte servant
