Twintock 10<sup>th</sup> Aug<sup>r</sup> 1814

Sir

The distance at which I am  
now placed, preventing my having the  
honour of personally approaching  
Your Royal Highness, to offer my  
congratulations on the 12<sup>th</sup> of  
August, I humbly presume to substitute  
with them in this form.

I

It is impossible for me to  
 find words to express the deep interest  
 which I take in the Glory, Happi-  
 ness and Tranquility of Your Royal  
 Highness - Or to acknowledge in ade-  
 quate terms the true Sentiment  
 of Your Royal Highness's condescending  
 Goodness to me, now, and at all  
 times - Permit me farther most grate-  
 fully to advert to the impression  
 which the Confidence Your Royal  
 Highness is pleased to repose in me  
 makes on my Heart: by increasing, if  
 possible, my devotion and attachment  
 to

to the interests of Your Royal High:  
: up.

I cannot prevail upon myself  
to conclude without taking the liberty  
of observing, for which I venture to  
hope for pardon in Your Great Good:  
: up. - That since I have left London  
I have seen many people of different  
descriptions, in different parts, and  
have had occasion to hear their unbiased  
sentiments on recent Events - And I can  
truly affirm that the sentiment of  
unbounded applause at the Great Events,  
which, by the intervention of Your Royal  
Highness, have been obtained for the  
World

10318  
World, is not more uniform - Than the  
apprehension of what Your Royal Highness  
has been called upon to do in matters  
more domestic is correct and just.

Whenever I have been I have felt the  
truth of what Lord Coshin so well expressed  
in his Letter, upon that Subject.

May I presume to add that I expect  
to reach Town on Saturday in time  
to receive any commands which Your  
Royal Highness may have to honour  
me with -

I am

Sir

With most profound respect & gratitude

Your Royal Highness's

Most Devoted - Obedient

and Obliged Servant

William Adam
