Dear Sir,

Sanctioned by His Royal Highness's gracious permission to address him in need, and encouraged by repeated marks of your friendship on similar occasions I now take the liberty to supplicate the very great favour of your interest in my behalf with the Regent. It is for my distant Mother that I am going to exert my poor abilities at the Haymarket Theatre on the 27th Inst^o to cause her if possible from ending her few remaining days in a poor house. The object of my application will I am persuaded be a more powerful Advocate for me than any thing I could say. On your Honour's part I rely to forgive me being so troublesome which is ever kindly disposed towards the afflicted.

I am dear Sir

Yours very Obedient Servant
L. Sumbel
