

Ld. Holland

21950-1

Dear Sir

I mentioned to His Royal
Highness the Prince Regent and
Lord Derby my anxiety to procure
leave for my carriage to pass
through the Horse Guards for the
convenience of it to me when at
Gland House is very great
I had not have ventured to make

this request had I never enjoyed the
privilege but when I held the
Privy Seal I of course felt the
inconvenience of it & consequently feel
more strongly the inconvenience of
not having the privilege - I believe
there is no instance whatever of
His Majesty's refusing the
continuance of the privilege to

to one who once enjoyed it upon
being asked for it a history but
the very particular circumstances
in which I took leave of the
king would have deprived me
of the opportunity of asking it -
I trouble you with this detail
because ~~to~~ I wish it to be understood
that my application stands
on grounds which make a compliance
with it no precedent for others

who have not like myself enjoyed the
privilege before & I will thank you
either to speak to Lord Heathfield
or to take such opportunity as you may
think favorable of mentioning the
subject to His Royal Highness -

Yours Dear Sir

Ever truly
