Dear Sir

I think it right to forward to you the enclosed Resolutions of the Magistrates of this District, as speedily as possible, as the exagerrated Report of a few McHoduits has afforded a plea to a Mr. Harris of this County (now resident in Devonshire) to make a Voluntary offer to the Islanders of Scilly to present a Petition from them to His Royal Highness The Prince Regent, for which purpose he

has sent a person to the Board  
to obtain signatures, and he is  
gone to town to wait its arrival.

This gentleman is kept out of  
the bench of Magistrates as  
being totally unfit for such an  
office, from the absurdity of his  
character; but as he was formerly  
a Sheriff of the County, he might  
possibly succeed in furthering the  
designs of the Methodists, if the  
truth were not made known,

Sr Rose Price.

which I have the honor to  
submit to your consideration.

I am Dear Sir  
your faithful &  
obedient humble servant  
Rose Price
