May it please Your Royal Highness

We the Members of Loyal British Bowmen of the Marshes of Wales, whose Society Your Royal Highness was formerly, so gracious as to Patronise, venture to address Your Royal Highness with a renewal of our expressions of duty and attachment in the hope that we may be again honor'd with the favor of our illustrious Patron.

Your Royal Highness during the time of our former association was pleased to honor us with two Prizes, one for the reward of the most skillfull Archer amongst the Ladies, the other for the Gentlemen. Those who were, formerly, so fortunate as to obtain this distinction still wear, with gratitude & pride, this Badge of Your Royal favor, and the renewal of a similar distinction will add a fresh interest to the exertions of the Ladies & Gentlemen of whom our Society is composed & who have the honor to consider themselves,

To
His Royal Highness
The Prince Regent

with profound respect
Your Royal Highness's
faithfull & obedient
