A. A. No. 788

Sir -

When I recollect the numerous Acts of Favours I have been upon me by Your Majesty - I could not have imagined it possible You could have added to my weight of Gratitude and Affectionate Loyalty - but Sir the most condescending manner in which You have been pleased to convey the recent Melancholy Event through my esteemed Friend

Ld William. Knighton  
claims more than I can  
find words to express —

Most sincerely & from the very  
bottom of my Heart I condole  
with Your Majesty on the loss  
of a Father whom Providence  
had so long permitted to  
Reign over us — but I must  
own that my feelings are  
much blunted on this occasion.

Ld. Co. of the Chamber to H. H.

A. A. No. 788

by recollecting the blessings  
we have derived since the  
Ruins of Government have  
been directed by Your Majesty  
during the last 9 Years of  
the Regency—

May Your Majesty long very  
long enjoy every blessing  
this World can bestow— It is  
& will ever be the constant  
Prayer of all Your Loyal

Subjects - and none more  
Sincerely & with greater Truth  
than Your Majesty's  
most devoted  
& obliged Humble Servant
