Jan. 15 1776

2331

Lord George Germain has the honour of sending
your Majesty a letter from the Chancellor
of Ireland to Mr John Irvine, which plainly
shows his agreement with your Majesty's
servants here, and if Lord George is not
mistaken a Lord Harcourt's letter does not
represent Lord Lifford in so favourable
a light as he deserves. your Majesty may
probably not have heard of the death
of a General Cornwallis.
