Dear Sir

I am favoured with your letter of yesterday accompanied by your general statement of Receipts & Expenses upon the Equestrian Statue, which I will take the earliest opportunity of submitting to Sir William Knighton -

In the mean time you will perhaps allow me to ask whether it is to be considered that the sum of £240-9-0 separately charged in your former statement as having been paid to Braithwaite for Machinery is included in the £19,500 now stated as the gross expense of the Statue; and also whether it is to be understood that the charge of £150 for the restoration of a statue of Venus (in like manner included in your former statement) is settled.

Pray pardon me for thus troubling you and believe me dear Sir

Your very obed^t & faithful Serv^t

My dear Sir

You will see, by the enclosed, that this Gentleman is most offensively urgent respecting the payment of his remaining Balance of the account. - I have not yet heard from Sir Robert Taylor, whether the Board will take upon themselves the burth (upon allowance) - Under these circumstances, he pleased to make a Draft for the full amount of what remains due, - with this exception - which to the best of my recollection, was equal in value, to about fifteen hundred pounds.

You would have the kindness to explain this to Mr. Westmore, who has no right to complain that I have ever neglected attending to his many concerns on account, of my own convenience, - nor has there ever been any delay, but what was made conscientiously call'd for - I have apprised the Duke of Buckingham that you will send a Draft for his Grace's Signature - You had better take

Sir William

As it appeared to me on first
view of your proposal, & which a full
consideration has confirmed, that my
addressing Sir Herbert Taylor would
create rather than remove difficulties,
with His present Majesty or Sir Herbert
having had any part in the arrange-
ment for the Group at Windsor, I hope
you will not be angry with me
in declining to trouble Sir Herbert,
feeling I ought not to force myself
on the Kings attention, more especially
having heard His Majesty say he

Had nothing to do with any works
previous to the 26th June 1830. The
business indeed does not seem to require
it. The Settlement as you are aware was
to pay me in part Metal & in part Money
that I had fully debited myself to the
value of the Metal proposed to be supplied
an enquiry of Messrs Gurnell or others with
the prices of the Day will show that
I have allowed 10% more nearly if you
than those prices, or 50% in the whole.

Under these circumstances I hope
His Majesty's Exchequer will not suffer
the Balance due to me to be long delayed.
