The intelligence from Mr Thornton of the discontents among the leaders in America is authentick, will not only greatly facilitate the bringing that delinquent Country to some reasonable ideas, but will make France recollect whether she ought to enter into a War when America may leave her in the lurch.

Lord North is too well acquainted with Money leaders, to be surprised at their awaiting themselves of the present minute to make as a dangerous a bargain for themselves as the necessities of the times make them in a great degree ~~that~~ ⁱⁿ of obliging the Treasury to submit to.
