London 10 April 1826

Mr. Robt. Munnings White
to
Sir Willm Knighton

Acknowledging His
Majesty's Subscription
of £10. to his Book
of Hydrophobia

Sir Wm Knighton
Barth
Windsor Castle

Sir, I received, by Mr Calkin,
on Sunday last, a Check on Couthe's
for £10 as the amount of his
Majesty's Subscription to my work
on Hydrophobia.

For this, Sir, through you, I
most humbly beg to be permitted
to express my sincerest thanks to the
Royal House. It came as I
truly informed Mr Calkin (with
whom I informed of the nature of my
present difficulties) in a time of
need. Before, by frugal husbandry,
it is expedient, I trust my own exer-
tions will have enabled me to
support myself & family. Until I
can make a little way in my
profession in this, time, a strange

place I am anxious to devote
a portion of my time to a newspaper,
a situation for which a long
connexion more or less with the
public press ^{has} qualified me. With
this view I am about to apply
at the Offices of the Courier, the
New Times & one or two other jour-
nals, and I trust I shall not be
wholly unsuccessful. With every
feeling of gratitude to his Majesty
for his gracious consideration of
relief, in my difficulties, and to
yourself as the organ by which
it was obtained.

I have the honor to remain
Sir

Your Most Obedt Servt

Robt Manners White
