

Ld. North

Apr. 14 1778

2912

Ld North has the honour of informing
the speaker & members upon J^r George Saville's
motion for repealing the Quebec act. The
House had been taken up so long in the
Committee upon the recruiting bill that
J^r George did not make his motion till
half an hour after six, & the debate
ended suddenly about eight o'clock before
several persons who intended to be present
could arrive at the House.
