 plank sheer & fife rail, & one shot, 3 port from afore on the
 Quarter deck, carried away Tim ber head & fife rail

Head } One shot carried away the Lion's jaws, one thro' the knee
 between the cheeks 36 pound & carried away part of the Trail board

Main Mast } One shot about 26 feet from the Deck carried away the Pouch

Main Yard } Very much shattered

Mizen Mast } An 18 pound double head shot about 10 feet from the Deck &

the Mast head much shattered

Quarter gallery & after part of the Mizen Channel carried away
 by accident

Robust

Under the Main } One fore part of the after port Timber, one shot 2 Strakes from the lower
 Wale, where the } edge of the Wale, one under the 3 port from aft 11 Strakes under the
 shot struck her } Wale, one under the 5th port from aft, 6 feet under the Wale, one under
 the 7th port in midships 4 feet under the Wale, one between the 9th & 10th port
 11 feet under the Wale, one under the 5th port middle of the Wale &
 one between the 5th & 6th port in the lower strake of the Wale

Main Wale } Two shots between the 6th & 7th port, middle of the Wale

Black Strake } One shot fore side of the lower finishing & one the after part of the 12th
 port from aft in the lower sill

Between the } One shot after part of the 6th port in the 2^d strake of short stuff, one shot
 Black Strake } between the 6th & 7th port over the Pumpdale Scupper, & one shot betwⁿ
 & } Channel Wale } the 12th & 13th port in the second strake of short stuff

Channel Wale } One shot the lower strake of Wale fore side of the gallery door, one between
 the 2^d & 3^d port lower edge of Wale, two between the 4th & 5th ports middle
 of the Wale, one shot fore timber 6th port from afore, middle of Wale
 & one shot between the 7th & 8th port middle of Wale

Sheer Strake One shot between the 8th & 9th port at the lower edge of the Sheer Rail
 Topside { One shot, the foreside of the gallery door in the Captain's Cabin, upper
 part of the 9th port.
 Foremast { Wounded above the Forecastle 33 feet, after part 30. 6 ^{ft} 6 ⁱⁿ above
 1 foot 4 ⁱⁿ
 Main Mast Wounded above the Quarterdeck 23. 11 ^{ft} ⁱⁿ
 Bowsprit Wounded the foreside of the Bed & Nighthead 17 feet

Ramillies

Under the Main Wall { One shot lodged under the 3rd port afore 3rd under the Main Wall
 One shot 2 feet below the Wall at the Wooden End afore

Main Wall { One shot in the 3rd Strake under the 6th port from aft, one shot in the
 Manger Scupper 1. 2. on the aft side of the lower Creek & one shot
 in the 2nd Strake under the 7th port from aft all through

Between the Black Strake & Channell Wall { One shot, fore corner of the 6th port from aft, one in the 7th port, one,
 2 feet the foreside of the 7th port & one fore corner at the upper part of
 the 13th port from aft

Channell Wall { One shot, 2 feet the foreside of the 10th port from aft, one under the 10th
 port thro', one in the 2nd Strake of Wall & one shot ^{under} the fore part
 in the lower Strake lodged

Between the Channell Wall & Sheer Strake { One shot lodged one foot the aft side from the 6th port from afore

Sheer Strake One shot, bins the aft side the fore channel, through
 One shot, 2 feet the aft side of the 2nd port from aft, 1. 2. above the main
 Topside { Channel & one the foreside the 6th port 1. 6 ^{ft} ⁱⁿ above the Mizzen Channel
 through

One Large Shot went through the main mast 24 feet
 above the Quarterdeck, One Small Shot 22 feet
 Main Mast. } above the deck, & One Shot in the head Lodged Two
 Nine Pound Shot in the Bowport

Formidable

under the } One shot 10 feet from the stem, one double headed shot about 12 ft fore side
 Main wall } of the steps & one shot in the turn of the buttocks, large 10, Small shot &
 Langridge
 Main wall } One shot a side fore gun deck port, Two shot fore side of the steps large with
 1/4 Swivel & Langridge
 Between the } One shot at the fore side the lower gun deck port from a fore, 4 shot last row
 Main & Middle } the 2^d & 3^d port small, one shot between the 3^d & 4th port small, 4th port
 wall } from a fore shot to pieces, Two shot between the 4th & 5th port, one large
 & one small, one large shot between the 12^m & 13^m port from a fore
 Middle wall } 3 shot the fore side of the fore middle deck port, one large & 2 small, one
 half of the Biddle port shot to pieces, 2 shot between the 2^d & 3^d port
 from a fore, one large & one small, Two shot between the 3^d & 4th port
 from a fore, one large & one small, Two shot between the 4th & 5th port
 one large & one small, Two shot under the 7^m port, large, one under
 the 8^m port small, one large shot under the 9^m port from a fore
 Between the } Two shot between the 1st & 2^d upper deck port, large, 2 small shot over the 2^d, one
 Channel wall } between the 4th & 5th, 10th & 11th port, one large shot over the 11th port & one large
 sheer stroke } & one small shot between the 14th & 15th ports

7 shot between the 2^d & 3^d middle deck ports, 2 large & 3 small, 3 small
 Between the Middle & Channel Wall } Shot between the 3^d & 4th port, two small shot between the 4th & 5th port, 3
 shot struck the chest tree, 2 small shot in the 5th port, one small one
 between the 5th & 6th port, & 2 small ones between the 6th & 7th ports
 Ditto — } One small shot between the 7th & 8th port, one small one under the 8th port &
 one large shot between the 8th & 9th port —
 Channel wall — } Two small shot under the 2^d upper deck port, one large under the 5th & 7th port
 One large shot in the after corner of the 10th port
 about the foremast } One large shot over the ^{Foremast} upper deck port, one small in the hook of
 the davit, one in the Forecastle plank sheers, one in the spirit railing
 one in the fife rail, large
 Foremast } One large shot 5 feet above the Forecastle & 11 small ones up & down
 Mainmast } Small shot up & down the Mast — several
 Mizzenmast } One large shot on the starb. side 7 feet below the Round
 Bow sprit } One large shot between the middle & upper decks

Bienfaisant

Under the Main wall } One shot 4 feet under the wall under the steps of the side
 Main wall } One shot above 6 feet the fore side of the fore port on the lower edge
 one under the 3rd port from afore & one between the 4th & 5th port from
 aft
 Between the Main Channel wall } One shot in the 2^d Strake fore part of the Lathread tone between
 the 1st & 2^d port from aft
 Channel wall } One shot over the 3rd port
 One shot came in the Wardroom Quarters gallery door & lodged in
 the spirit railing on the starb. side

Valiant

Main Wall } One shot between the 2^d & 3^d port from afore, one between the 2^d & 3^d port from aft, one between the 3^d & 4th port from aft, upper edge, one under the 6th port from aft & one under the 2^d from afore

Between the Main & Channel Wall } One shot under the cathead, one over the 2^d port from aft & started one of the Muzzle bolts & one shot came in at the 6th port from afore & fell down

Channel Wall } One shot in the fore part of the fore channel, one shot struck the chest tree & one came in the 2^d port abaft the main mast & cut away the upper side on the opposite side & one shot, lower edge of the wall on the aft side of the main channel.

Between the Channel Wall & Sheer Strake } Two shots between the 4th & 5th port from aft

Sheer Strake } One shot fore part of the main channel & one, fore part of the fore channel

Fore channel } One chain plate, 5 dead eyes, from afore shot away

Main channel } 2 chain plate from afore & the after one, shot away
 above the Sheer Strake } One shot carried away the main lift blocks, one the fore side of the fore part, one between the second & third, 3^d & 4th & 5th & 6th ports & one between the quarter pieces & pilasters

Bow-sweet } One small shot between the Figure & Jammoning

Fore Mast } One 9 feet below the top between the paunch & mast

Main Mast } One shot 9 feet above the Deck, one 14 feet above the Deck, one 20, 22 & 28 feet above the Deck

Zeigilant

Starboard Side
Main Mast
A shot went thro' the Wale about 2 feet below the Pumpdale Scupper & cut off the upper piece of Spirketting, another stuck in the plank under the foremast Gundeck port 3 feet below the main Wale & another came thro' just above the block for the main Tack, Two, went thro' the quickwork on the Quarter deck between the 2^d & 3^d ports from afore
A shot which in the main Mast at about 11 feet above the upper deck,

Queen
