

A. M. to Ed. North

3125

Queens House  
Nov 27. 1774. 3<sup>o</sup> p. 1. 1/2. 1/2.

The handsome Majority at opening this Session of  
Parliament cannot fail of giving that kind of credit to  
Administration that is shewn in pressing forward  
such proposals as may furnish the Money as often  
necessary for the many Services that are required  
I should hope the Session will be much more  
pleasant than was expected.
