H. Fraser, Under Sec. of State,
Northern Dept.

3172

A Messenger came from Charlton this Morning & brought Mr. Fraser a Letter from Lord Suffolk in which He says He is perfectly well in Health, but cannot as yet put his Foot to the Ground.

Lady Suffolk has been much indisposed & He had fears of Her miscarrying. — Lady Aylesford went to Charlton on Wednesday last; and Lord Suffolk in his Letter, written yesterday evening, says his fears are happily over without any Consequences. — He hopes Lady Suffolk will be able to undertake the Journey in a Day or two, but shall be able to speak more positively by the next Messenger whom Mr. Fraser expects will arrive on Monday Morning.
