

Coates Impenishable Stone Scagliola & Marble works  
 Lambeth October 30 1829 -

Sir,

I trust you will not be offended at my again  
 troubling you respecting my Account for Bases and Pedestals sent  
 by me to the Royal Lodge in 1826 - amounting to £293. 6. 0  
 As I took the liberty of stating to you in my letter of 4<sup>th</sup>  
 I have now received a Shilling on Account of this work, and  
 being conscious that my Charges are moderate and fair, I should  
 be happy to refer the account to any skilful persons to arbitrate,  
 if you should deem it necessary - Three Years having now elapsed  
 since these works were modelled, and supplied by me, and as  
 I am suffering much inconvenience for want of money, I hope you  
 will excuse my respectfully entreating the favor of your notice, and  
 of payment of the Account due to me - I would earnestly entreat the  
 favor of your answer - And I have the Honor to be Sir

Your most Obedt Servt  
 W. Croggon
