

Lord North

March 13. 1779.

3276

Lord North has the honour of inclosing
Mrs Eden's Warrant. £910 paid at the Exchequer
produces no more than £600. but, as
that sum ~~was~~ ^{is} so considerable, Lord North
thinks it right to send the Warrant by itself
instead of bringing it in the midst of other
Warrants to be signed by his Majesty
at St James's.

Langens Street.
