

Gentlemen, I have been referred to you for the payment of a long standing account due to me some years and which was contracted during the Building of the Stone Bridge and Fishing Temple on Virginia Water Lake in Windsor Great Park.

Two accounts were paid by the late Lord Hawesnt, leaving others unpaid to the amount of £46¹⁶.. - The sums of which have been frequently delivered which perhaps will preclude the necessity of further repetition.

Myself, Wife and Family are in the greatest state of destitution in consequence of these accounts with others not being paid.

I should feel obliged to the fact Remover connected with the Office of His late Majesty's privy purse to discharge the account so long standing due - as we are now reduced to the lowest state of Fortune and know not to whom to look for the expenses of the passing day.

The Cases were very peculiar of their
kind and extraordinarily severe
similar Cases that came to his late
Majestys knowledge, were said for by
his Or^d, and I am convinced these
would have been also, had he been aware
of them.

I beg leave to inclose a Note received
from Mr Secher, authorising my
Application - and should any further
particulars be required - I shall be
very happy to give them.

I remain Gentlemen

Your very Obedient

P. Winst
